bticino

2 wires/Wi-Fi handsfree connected video internal unit black finish with built-in Amazon Alexa voice assistant, 5" vertical touch screen LCD display and video door entry answering machine. Integrated SCS Server for managing MyHOME wired systems. It can be used alternatively to the SCS Server DIN Item MhServer 1. It has a physical key for door lock release and capacitive keys for the control of the main video door entry functions: handsfree communication, entrance panel activation / camera scrolling and Favourite key (can be configured to activate the quick actions most frequently used – e.g. additional door locks, staircase light control, intercom). There are notification LEDs for: Wi-Fi network connection status, info / notifications and call exclusion. It is possible to easily interact with the built-in Alexa voice assistant, either using the dedicated capacitive keys or with your voice, and activate several functions, such as the video door entry functions, Smart Home, scenarios, reminders etc. Using the touch display, it is possible to access the notification list, as well as your favourite door entry, security and Smart Home controls (if any). The device must be configured by physically connecting the configurators or using the menu, which will give better possibilities of customisation of associated functions and texts. Thanks to the Wi-Fi connection, you can associate the video internal unit to the Home + Security App (available for Android and iOS). The App allows to use the main video internal unit functions (receiving calls, door lock release, display of the event timeline and activation of the entrance panel/camera cycling). Through the Home + Security App, it is also possible to manage the products of the Netatmo security range (outdoor and indoor cameras, door and window sensors, indoor siren and smoke detector). This allows you to quickly and easily create a Smart security system. Wall mounted installation using the supplied bracket Possibility of Wi-Fi connection or using RJ45 ethernet cable with the dedicated accessory 344844.

## Technical features

Brand	BTicino
Rated voltage	20-27 V
Dimensions	121 x 222 x 32mm
Height	222mm
Width	121mm
Depth	32mm
Maximum cable section	2 x 1mm <sup>2</sup>
Plant type	2 fili / 2 wires
Installation height	160 - 165cm
Operating temperature	5 - 40°C
Connection type	Connesso / Connected
Resolution	1280 x 720
Wi-Fi	Si / Yes
Colour	Nero / Black
Series	Classe 300EOS

## Commercial data

Minimum quantity	1
Sales unit	1
EAN code	8005543732649

## Technical documentation

- ? Technical sheet
- ? Installation and configuration manual
- ? User Manual
