

351500

Sfera audio video module with HQ Camera for the creation of 2 WIRES video systems. Equipped with a wide-angle 5 MP HQ Camera with digital filters and white LEDs for illumination of the shooting field. The HQ digital video signal is transmitted to the video intercoms via PAL coding on 2-wires SCS BUS technology. Speaker and microphone volume adjustments. Manages up to a maximum of 98 button calls using additional double row button modules. Horizontal viewing angle (119°), vertical viewing angle (92°). It allows the activation of an electric door lock connected directly to the S+ and S- terminals (18 V 4 A impulsive - 250 mA maintenance at 30 Ohm max) and the connection of a local door lock release button to the PL terminals. Prepared for additional power supply. Equipped with front LEDs to indicate the operating status: door opener, active communication, call forwarded and system busy. Integrated optical sensor for turning on the backlight at night. To be completed with finishing front plate. The device must be configured physically or via PC and specific software - downloadable for free from the website www.homesystems-legrandgroup.com.

Technical features

Brand	BTicino
Rated voltage	20-27Vdc
Modules	1
Height	91mm
Width	115mm
Calls	2
Installation height	160-165cm
Operating temperature	-25° - +70°C
Resolution	5MP
Series	Sfera

Technical documentation

? Technical sheet

We, BTicino S.p.A Viale Borri 231 21100 Varese (Italy), declare that all items listed in BTicino catalogues, have been manufactured in compliance with the principal elements of safety objectives of European Directive said LVD: 2014/35/EU: 26 February 2014 and, where requested, also in compliance with essential protection requirements of electromagnetic compatibility according to European Directive 2014/30/EU: 26 February 2014, and/or where requested also in compliance with 1995/5/CE: 9 March 1999 "R&TTE" or where requested also in compliance with 2014/53/EU: 16 April 2014 "RED".
