353200

Sfera RFID badge reader module for the release of the door lock by swiping the badge. It manages up to 20000 badges. It's fitted with relay contacts (C – NO - NC) and clamps (CP - P1 - P2) for the connection of a local door release pushbutton. The badge for the release of the door lock can be programmed from the module itself, or using a PC after downloading the module programming file. It also has a programming reset pushbutton and LEDs for the visual notification of the access status. Night backlighting LEDs. To be completed with surround plate. Connection to the other modules by using the appropriate multicable supplied. The device may also be used as a stand alone unit with independent power supply and operation. Configuration performed using physical configurators, or a PC with the TiSferaDesign software installed.

Technical features

Brand	BTicino
Modules	1
Height	91mm
Width	115mm
Plant type	2 fili / 2Wires
Operating temperature	-25° - +70°C
Series	Sfera

Commercial data

Minimum quantity	1
Sales unit	1
EAN code	8005543457580

Technical documentation

? Technical Data Sheet	? Radio Conformity Declaration
? Installer Manual	? DWG drawing
? Instruction Sheet	? Software Manual
