

K4003C

Connected two-way switch. It allows to control lights locally or remotely. The connected 2 ways switch has the same installation and usability of a traditional 2ways switch and it is compatible with all loads with max power 250W. It's equipped with a blue LED light, which can be configured using the HOME + CONTROL App, used always on for localization modality or on, when the light is on for the load status modality. It can be associated with "wireless light switches". Caution: Must be connected to the neutral. Power supply 110-230Va.c. - 1 module.
