

088240

legrand®

The base with the smartphone installed becomes a "REMOTE CONTROL" for configuring the sensors. The base communicates with the smartphone through "BLUETOOTH" technology. The remote control transfers parameters to the sensors via IR (infrared) technology. On your smartphone you need to install the "Legrand Close Up" APP which is available on the Android (Playstore) and iOS (Apple Store) platforms. The base is battery powered. The remote control allows you to program and adjust the operating parameters of the sensors in the following technologies: KNX, basic Lighting control, advanced by CP Electronics and BUS-SCS. It also allows you to adjust the timing, brightness threshold and detection sensitivity, giving you the ability to store, share and prepare all sensor settings before going to the construction site. The function of duplicating the parameters of a sensor is available to quickly replicate them on others.

Technical features

Brand	Legrand
Reference Standard	CEI 60825-1, NF EN 62368-1, EN 300330, EN 300328
Rated voltage	Alimentazione a Batterie (Art. 061022)
Height	136,8 mm
Width	63,85 mm
Depth	44,6 mm
Plant type	Lighting Control (stand alone base/evoluto, sistema BUS-SCS e Sistema KNX)
Series	MyHome

Commercial data

Minimum quantity	1
Sales unit	1
EAN code	3414971406193

We, BTicino S.p.A Viale Borri 231 21100 Varese (Italy), declare that all items listed in BTicino catalogues, have been manufactured in compliance with the principal elements of safety objectives of European Directive said LVD: 2014/35/EU: 26 February 2014 and, where requested, also in compliance with essential protection requirements of electromagnetic compatibility according to European Directive 2014/30/EU: 26 February 2014, and/or where requested also in compliance with 1995/5/CE: 9 March 1999 "R&TTE" or where requested also in compliance with 2014/53/EU: 16 April 2014 "RED". BTicino S.p.A. products are in compliance with the standard published by the International Electrotechnical Commission (IEC). The compliance can be proved by Certificates issued by organizations recognized by IEC according to the CB-scheme. Our items comply with relevant European Product- Standards and show, whether provided, CE marking, they have been constructed in accordance with good engineering practice in safety matters in force in the Community, they do not endanger the safety of persons, domestic animals or property when properly installed and maintained and used in applications for which they were made.
