

NVP-PRO

Starter Pack for central heating - Smart Radiator Valves. Kit composed by 2 Smart Radiator valves and 1 Relays. Ideal for apartments with central heating or district heating. Allows accurate temperature measurement without additional sensors in the rooms thanks to two integrated sensors B34 and PID (advanced algorithm) for precise temperature control. Compatible with 90% of radiators on the market, including Danfoss, Heimeier, Honeywell and other brands. Features of Smart Radiator Valves with Intelligent functions: E-Paper screen; transparent plexiglass cylinder designed by Starck® (can be customized with one of 4 colored adhesive films provided).
