

BTICINO &gt; Door entry systems &gt; Internal solution &gt; NEW CLASSE 100 Internal Units

**344282**

2 WIRES handsfree audio internal unit for wall mounted or table installation. It has 2 physical keys for the control of the main functions – answer and end a call – and has 3 touch keys for the control of the main functions – door lock release, staircase light control and entrance panel activation/scrolling – there are further 4 configurable touch keys that perform different functions – e.g. staircase light control, intercom, additional door lock activation, generic activations. The device has a side lever to adjust the call tone volume and a call exclusion notification LED. The installation can be made to the wall using the bracket supplied or using table support accessory (1 x 344692) – to be purchased separately. The device, also equipped with the professional studio (office) function, must be configured.
