

BTICINO > Solution for energy efficiency > Supervision and measurement > Power meters

F20DM63

Single-phase meter for direct connection - output at pulse - In= 63A - 2 modules - MID certification guaranteeing the measurement precision in view of a re-billing of the power consumed.

Technical features

Brand	BTicino
Standard reference	CEI 62053-21/23
Rated voltage	230Vac
Rated current	63A
Rated power VA	4
N° of modules	2
Protection index	IP51
Series	Measuring and supervision
