

BTICINO > Distribution and management solutions for the service sector > Hotel Room Management > Actuators DIN type

F430R8

Actuator with 8 independent relays for the control of on-off valves, motorised valves (open-close and three points), pumps and fan coils with 2 and 4 tubes – 4A resistive, 1A motor valves, pumps and fan-coils - SCS bus connection, 4 DIN modules

Technical features

Height	90mm
N° of modules	4
Standard reference	EN 60669-2-1EN 50491-5-1EN 50428
Rated voltage	27Vdc
Rated current	100 mA
Series	MyHome
