F522

Actuator with integrated current sensor for controlled load consumption module. 1 relay – 10 A for incandescent lamps and 4 A for fluorescent lamps or ferromagnetic transformers and 500 W for LED lamps and compact fluorescent lamps - Bistable relay with zero crossing for load control Management and/or Automation functions. DIN rail mounting version - 1 module. Earth leakage current control made possible by connecting an additional toroid, item 3523

Technical features

Brand	BTicino
Rated voltage	27Vdc
Rated current	0,030A
N° of modules	1
Series	MyHome
