

BTICINO &gt; Solution for energy efficiency &gt; Photovoltaic solutions &gt; Thermal magnetic circuit breakers

## F82N20FV1

Modular circuit breaker 2P for photovoltaic -  $I_n = 20A$  -  $V_n = 600Vdc$

### Technical features

|                            |              |
|----------------------------|--------------|
| Brand                      | BTicino      |
| Rated voltage              | 600Vdc       |
| Rated current              | 20A          |
| Ultimate breaking capacity | 4.5kA        |
| Icu                        |              |
| N° of modules              | 4            |
| N° of poles                | 2P           |
| Series                     | Photovoltaic |
