

BTICINO > Low voltage energy distribution > TIFAST cabling system and terminals > TIFAST - wiring systems > Copper vertical distribution from 400 to 1250A

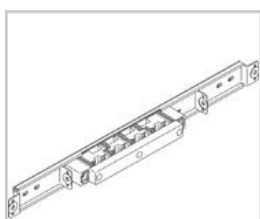

FB250

Copper busbar with "C" shape - length 1600mm - In=250A

Technical features

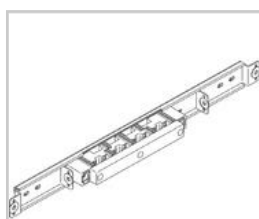

Brand	BTicino
Standard reference	CEI EN 61439-1/2
Rated current	250A
N° of poles	1P
Height	1.6m
Length	1.6m
Series	Tifast
