

NT4411CM2

Dimmer/switch without neutral. It allows to control lights locally or remotely, with the dimmer functionality that can be activated from APP Home+Control. It has the same installation and usability of a traditional switch and it is compatible with all loads (LED, halogen) with power 5-300W at 230V. It's equipped with a blue LED light used for localization modality or load status modality, configurable by APP. It can be connected associated with "wireless light switches". It doesn't require connection to the neutral, it comes with an active compensator. Power supply 110-230Va.c. - 2 modules.

Technical features

Rated voltage	110 - 230 Vac
Rated power W	300W
N° of modules	2
Series	Livinglight
