003512

KNX modular power supply. Connection to the bus via KNX Rossoneri connector. Input voltage: 230V + 10% to 15%, 50 to 60 Hz. Output voltage: 29 V ± 1 V d.c. SELV. output current: 320 mA. DIN rail mounting, dimensions 4 DIN modules

Technical features

Documentation

Brand	Legrand
Rated voltage	Out: 29 V ±1 Vd.c. SELV. In: 230 V +10%÷-15%,50÷60 Hz.
Rated frequency	50-60 Hz
Rated current	320 mA
N° of modules	4 DIN
