## 231128

Box with transformer power 2000-2500kVA class 36kV - protection degree IP23 (walls) IP20 (bottoms) - RAL 7035

### Technical features

|                    |                        |
|--------------------|------------------------|
| Protection index   | IP23                   |
| Height             | 3000mm                 |
| Width              | 3100mm                 |
| Depth              | 2000mm                 |
| Standard reference | CEI EN 60076-11        |
| Rated power VA     | 2000-2500kVA           |
| Series             | Cast resin transformer |
